**Famille :** Technical floor mats

**SOUS-FAMILLE :** RUBBER MATS

From anti-slip floor mat for mountain shops to rubber mats with disabled standard for chairlifts, cable cars, gondola lifts, cableways, IDM proposes a wide range of products which meet the European policy (REACH Norm). The M22 rubber mat is a robust and non-slip covering that is easy to clean thanks to its light weight and drains well thanks to the pimples on the inside. Its variant, MPR22, has the same qualities but is resistant to oil and grease.
