## **ALTEMP Q NB 50 [30kg]**

**Famille** : Aerial lifts

**SOUS-FAMILLE** : AERIAL LIFTS PARTS

KLÜBER ALTEMP Q NB 50 lubricating paste is based on mineral oil, barium soap and organic solid lubricants. Ideal for friction points where there are sliding movements. A very economical solution thanks to its packaging in 30-kilogram pots and its long service life.

- Good resistance to water and surrounding environments
- Protection against tribocorrosion
- Absorbs very high levels of pressure to protect your machine.

**KLÜBER products are recommended by all ski lift manufacturers.**

**Sales unit:** Bidon

**Composition:** Solid lubricant

**Thickener:** Barium complex soap

**Type of oil:** Mineral oil

**Colour space:** White

**Structure:** Almost homogeneous - stringy

**Temperature range (lower) (°C):** -15

**Temperature range (upper) (°C):** 150

**Worked penetration (lower) (mm):**  
250 0.1

**Worked penetration (higher) (mm):**  
270 0.1

**Apparent dynamic viscosity (lower) (mPas):** 7000

**Apparent dynamic viscosity (upper) (mPas):** 13000

**Kinematic viscosity of the base oil (mm<sup>2</sup>/s):** 46

**Four-ball test, welding load (N):**  
4000

**Storage life from date of manufacture (dry, frost-free, closed packaging) (months):** 24
