KLÜBER Klübersynth MEG 4-150 [200I]

Famille : Aerial lifts

SOUS-FAMILLE : AERIAL LIFTS PARTS

Klübersynth MEG 4 is a high-performance mPAO-based synthetic oil designed to meet the increasing demands and higher power density of modern gears. Thanks to KlüberComp lubrication technology, which uses high-quality raw materials and advanced additives, Klübersynth MEG 4 ensures optimum performance for the lubrication of all gear components.
