**KLÜBER STABURAGS NBU 30 PTM Spray [250ml] x 12**

**Famille :** Aerial lifts
**SOUS-FAMILLE :** AERIAL LIFTS PARTS

STABURAGS is a grease formulated with mineral oil and a barium complex soap, meeting all essential requirements. It offers high mechanical-dynamic load carrying capacity and excellent protection against wear. In addition, STABURAGS offers good corrosion protection and resistance to water and many dilute alkaline and acid solutions, which means longer lubrication intervals and lower operating costs. The spray version facilitates uniform application in hard-to-reach areas, improving lubrication efficiency and precision.

**Colour space**: Grey
**Temperature range (lower) (°C)**: -10
**Temperature range (upper) (°C)**: 160
**Worked penetration (lower) (mm)**: 245 0.1
**Worked penetration (higher) (mm)**: 275 0.1
**Apparent dynamic viscosity (upper) (mPas)**: 15000
**Storage life from date of manufacture (dry, frost-free, closed packaging) (months)**: 24
**Densité (g/cm³)**: ≈ 1.10
**Drop point**: 220
**For more technical information**: Consult the product data sheet
