KLÜBER KM STAR CONTROL CABLE 3.0 (5m)

Famille : Aerial lifts

SOUS-FAMILLE : AERIAL LIFTS PARTS

Cable for STAR CONTROL : Individual automatic lubrication by control and external power supply

KLÜBERMATIC STAR CONTROL supplies oil or grease to the lubrication point from start-up, ensuring constant, accurate, temperature-independent lubrication. Powered directly by the machine to which it is connected, it can be integrated into the machine's PLC unit for control and monitoring. KLÜBERMATIC STAR CONTROL automatically dispenses a set amount of lubricant as long as it remains powered.

Poids: 0,50 Kg

Sales unit: Pièce

Cable length: 5
