HALL CROCO SET M14 (vis M14x45,rondelle, griffe,Nord-Lock)

Famille: Snow grooming

SOUS-FAMILLE: SNOWGROOMING

PARTS

The HANS HALL® track has a new "Croco" fastening system instead of the traditional counter plates and spacers. Croco preserves the belt at its current breaking points by moving the the bending zone of the strip and preventing water infiltration into the holes. The system also stiffens the entire track and significantly reduces vibration. Only available for KASSBOHRER machines
