

# CLIP 18 SLABS

Ultra-rugged interlocking rubber slabs

**Composition :** 100% non-recycled natural rubber

**Advantages:**

- Loose laying (no gluing)
- Special slabs for skating rinks, high resistance to ice skates
- Resistant to treading by ski boots
- Very anti-slip
- Grooved under surface draining the humidity
- Heat and sound insulation
- Easy to lay with the interlocking
- Cleaning with single disk machine

**Colour:** black - Other colours on request
